<p>3. Implement a renewed TRMs Initiative in which First Nations negotiators have a greater degree of involvement in the selection and design of the TRMs activity. This should include improved communications about the full suite of TRMs tools available.</p>	<p>Implement a renewed TRMs Initiative with the following planned attributes:</p> <p>1. First Nations Negotiators will be involved in developing the TRM project at the recommendation stage of Tier 1 TRMs to ensure the TRM addresses the need identified by the negotiating table and is implementable by the First Nations.</p> <p>Note: Tier 2 TRMs will remain as currently designed, due to the requirement to have BC/Canada cost-sharing agreed to prior to the negotiation of the Tier 2 TRMs with a First Nation.</p> <p>2. Create a more open and transparent TRMs communication process for all parties in negotiations. For example, provide general TRMs information on the BCTC website, with a link to an INAC-administered webpage with TRMs-related information (such as program guidelines and criteria, tips, reporting requirement information).</p>	<p>01/05/2010</p> <p>02/06/2010</p>	<p>Status: Request to close</p> <p>Update/Rationale: As of 31/03/2011:</p> <p>Action item 1</p> <p>New Project Proposal forms and Guidelines have been developed and implemented, and First Nation negotiators use these to apply for funds.</p> <p>Action item 2</p> <p>Project Proposal forms and Guidelines to the TRM process are available to First Nation negotiators from Canada's negotiators.</p> <p>General information regarding TRM funding and application process is available to First Nations in the publication <i>Program Guide 2011/2012 BC Region</i>, and in the publication <i>Proposal and Application Driven Programs Handbook, 2011/2012, BC Region</i>.
